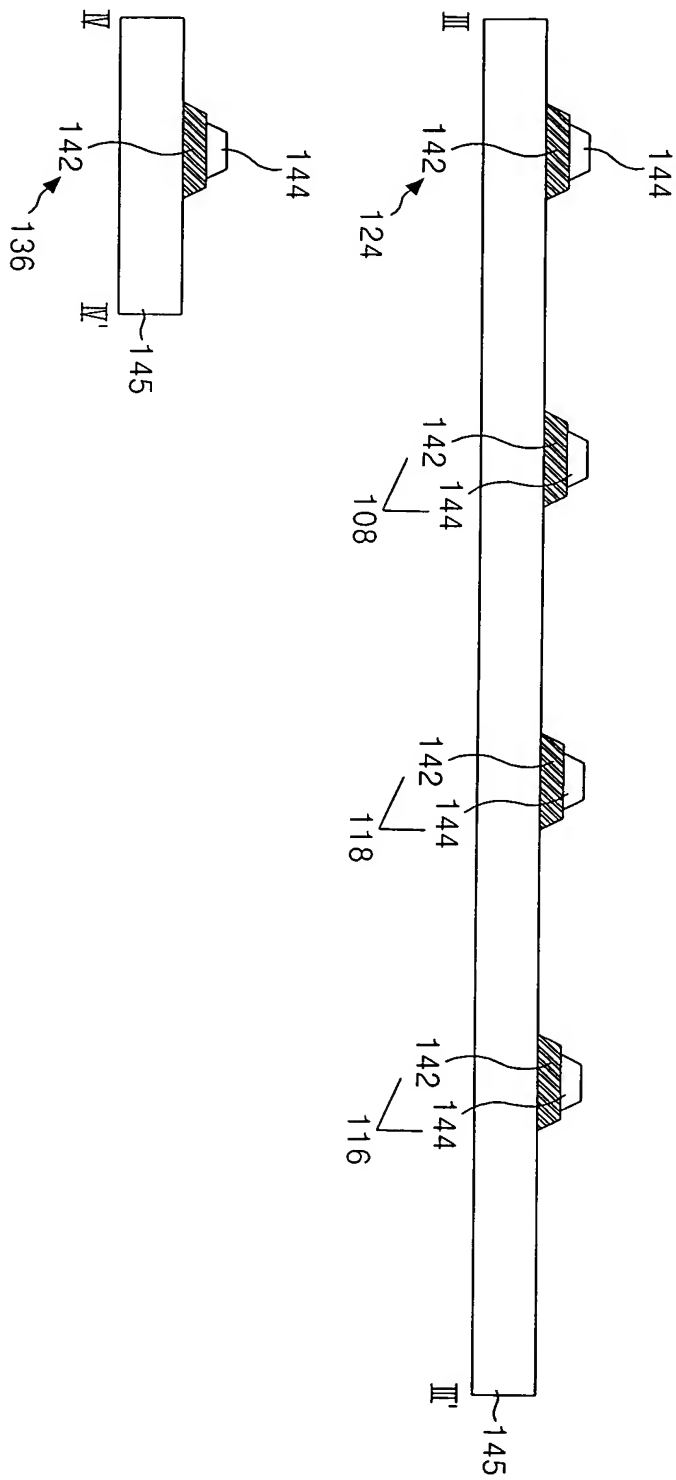

FIG. 8A

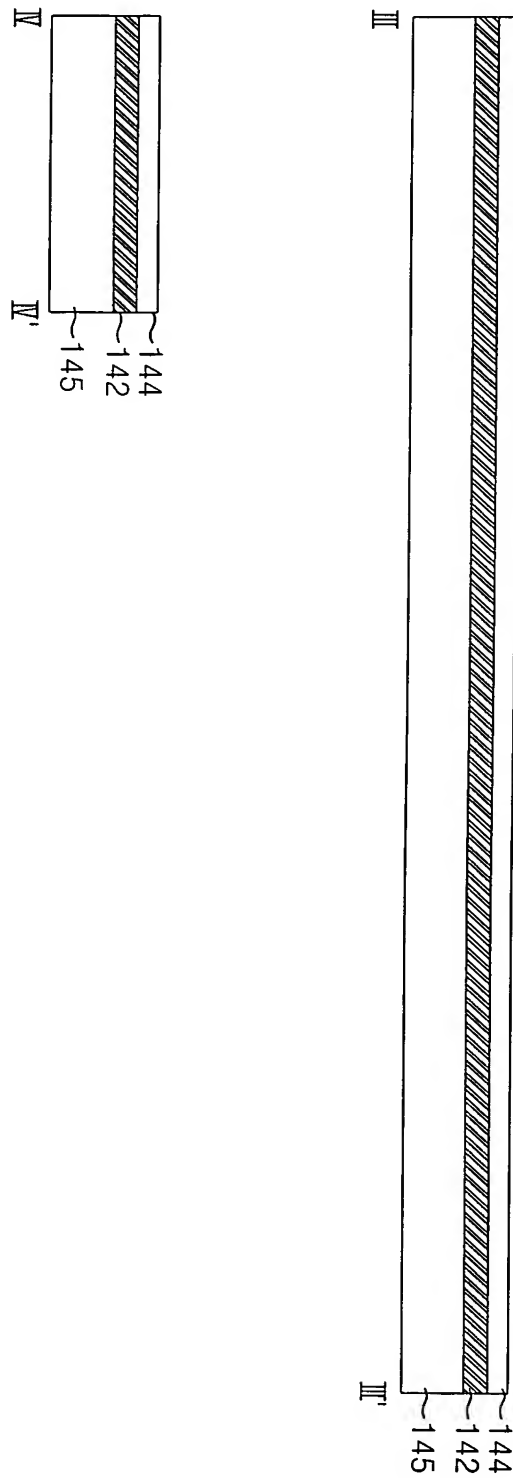

Figure 1 consists of four schematic diagrams labeled I, II, III, and IV, illustrating a multi-layered structure.

- Diagram I:** A top view showing a sequence of layers. The layers are defined by widths  $P_1$  and  $P_2$ . The sequence is:  $P_1$  (white),  $P_2$  (black),  $P_1$  (white),  $P_2$  (black),  $P_1$  (white),  $P_2$  (black),  $P_1$  (white),  $P_2$  (black),  $P_1$  (white).
- Diagram II:** A cross-sectional view showing three layers: 144 (top, white), 142 (middle, hatched), and 145 (bottom, white). A small black rectangular feature is shown on top of layer 144.
- Diagram III:** A cross-sectional view showing a more complex structure. It includes layers 144 (top, white), 142 (middle, hatched), and 145 (bottom, white). A central layer 300 (white) is shown with two black rectangular features, 302 and 306, on its top surface. The bottom of the structure is labeled 144, 142, and 145.
- Diagram IV:** A cross-sectional view showing a simplified structure with layers 144 (top, white), 142 (middle, hatched), and 145 (bottom, white). A small black rectangular feature is shown on top of layer 144.
